

Sabre Cruises registration

Quick Reference

OVERVIEW

Travel agencies must register with each cruise line as an automation agent. This provides the cruise line with the information necessary to forward commission payments, track credits and provide access to special rates, such as promotions and consortia rates. Registration is a one-time procedure and can be accomplished by calling the automation desk of each cruise line.

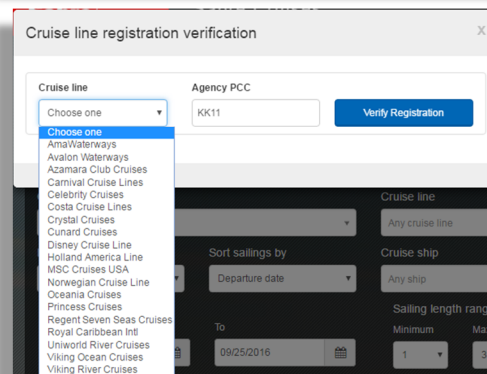

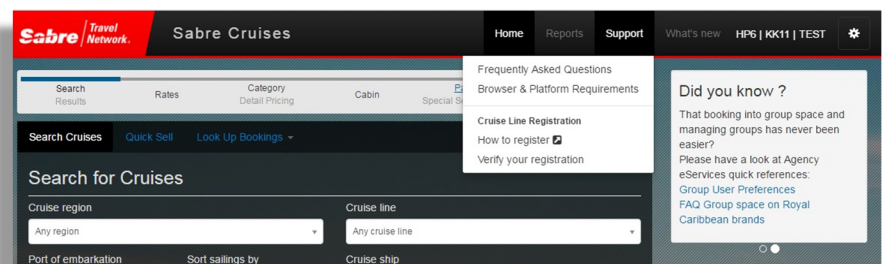

HOW TO ACCESS GROUP USER PREFERENCES

EXAMPLE

You can easily verify if your agency is already registered with each individual cruise line.

- Access **Sabre Cruises**
- Select **Support**
- Click **Verify your Registration**

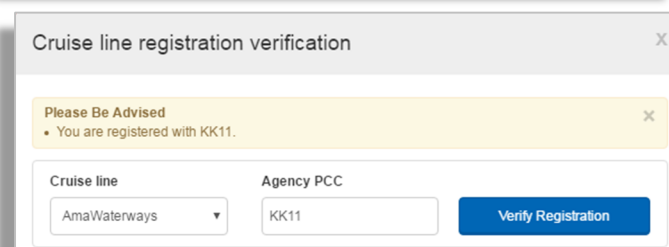

On the Verification page, you can check your registration status by providing your Pseudo City Code (PCC) and selecting a specific cruise line.

If an advisory is displayed or the information is incorrect, you will need to contact each cruise line to register or make corrections to your agency profile. Click Yes if the information is correct

The cruise line registration verification result displays.
