

## **Client Agent Report**

This report would be run for a user needing to see which Clients have an Agent attached to them on the 'Agents' Tab of Leisure & Corporate Profiles in Trams Back Office.

The report will only display Client Profiles where there are one or more agents on the 'Agents' Tab. All the details from the agents listing on that tab will be shown on the report.

**Revised 10/05/09 to include sort parameter by Client Number or Agent Name.**
