Client Trips by Dollar Value

When Using Datalink, you can Click on any BLUE Box to change that Parameter

Calculates ResCard Value and reports them in the calculated value ranges.

Can be selected based on one of two optional date ranges.

ResCard Create Date

Trip Start Date

Can also opt to select any or all Travel Categories. These are based on the reservations in the ResCard, so selecting fewer categories may only result in excluding part of a ResCard.,

You can also select how many Clients you wish to display. The rest will be shown as "Other"
