

Group Cruise Manifest - Short Form - ResCards

Lists all Groups Selected with ResCards not Cancelled.

Selection Criteria

1. Group - Group(s) starting with ... If left blank, it will list all Cruise Reservations for Groups with ResCards
2. Status - Must select at least one of two - Active and/or Departed.

This report is looking for all Cruise Service Provider records with travelers attached to them. The travelers included in the same Cruise Service Provider record are assumed to be sharing a cabin.

If two travelers sharing a cabin are in separate reservations, the two reservations will be computed as two cabins - one for each. In this case, recommend adding "sharing with ... (other traveler name)" to Room description, as this will display in this list.

Group Cruise Manifest - Short Form - ResCards
